Good afternoon to the Gold King Mine Incident and Community Response Group:

Several items...

1\_ The next meeting is THURSDAY the 19<sup>th</sup> of November from 2 to 5 p.m. Location TBA. This time slot avoids conflicts with several attendee's standing meetings.

2\_ Senator Roberts sent this email. See the below link and the attachment.

Ellen S. Roberts

**Personal Email/Ex. 6**

Would you send this out to the coalition group and ask them to contact me with any feedback, proposed additional or different language? I need responses back by next Tuesday, October 28th.  
<https://www.colorado.gov/pacific/sites/default/files/15WaterResourcesDraft%20Resolution%206%20-%20Good%20Samaritan%20Remediation%20Abandoned%20Mines.pdf>

3\_ *Booklet of resources, contacts and who is doing what:* A VISTA Volunteer with the Animas River Watershed Partnership group will be sending out a simple form to fill out that documents what your group is doing. This will be compiled into a booklet to be distributed electronically and at the 11/1 River Celebration event. Her name is Rachael Hoffman and her email is: [healthyanimas.awp@gmail.com](mailto:healthyanimas.awp@gmail.com).

4\_ More details about the 11/1 River Celebration event will be forthcoming.

5\_ I know time was very tight today so if you are doing any type of river, well or sediment monitoring, please just write up a paragraph of what you are doing and send to me. Nothing too complicated...just an overview is fine ☺ I will assemble it into a handout and then, the group can explore this topic next time giving it the *time it deserves*.

Thank you for your continued participation and interest!
